MEMORANDUM FOR: Director of Communications
Director of Data Processing
Director of Finance
Director of Logistics
Director of Medical Services
Director of Security
Director of Training
Chief, Information Services Staff, DDA

25X1 FROM:
Chief, Management Staff, DDA

SUBJECT: Preliminary Identification of Directorate Planning Issues

1. The attached summary of "so-called" foreign policy and management planning issues was prepared by the EXCOM Staff for use in preparing an Agency-level Plan and Guidance document. This summary was based upon input from the four directorates. While unquestionably preliminary in nature, it is nonetheless interesting to see--for the first time--what others in the Agency perceive to be important long-range planning issues.

2. While there are still a lot of definitional problems--e.g., what are issues, goals, and objectives, and what is the hierarchical relationship between them--I thought you and your planning officers would find the attached to be an interesting first glimpse at what will ultimately be DCI/DDCI long-range planning guidance.

3. I am available and would be glad to discuss this with you at your convenience.
